ROSMIDAS PUNNAYUR KULAM

Graphic Designer

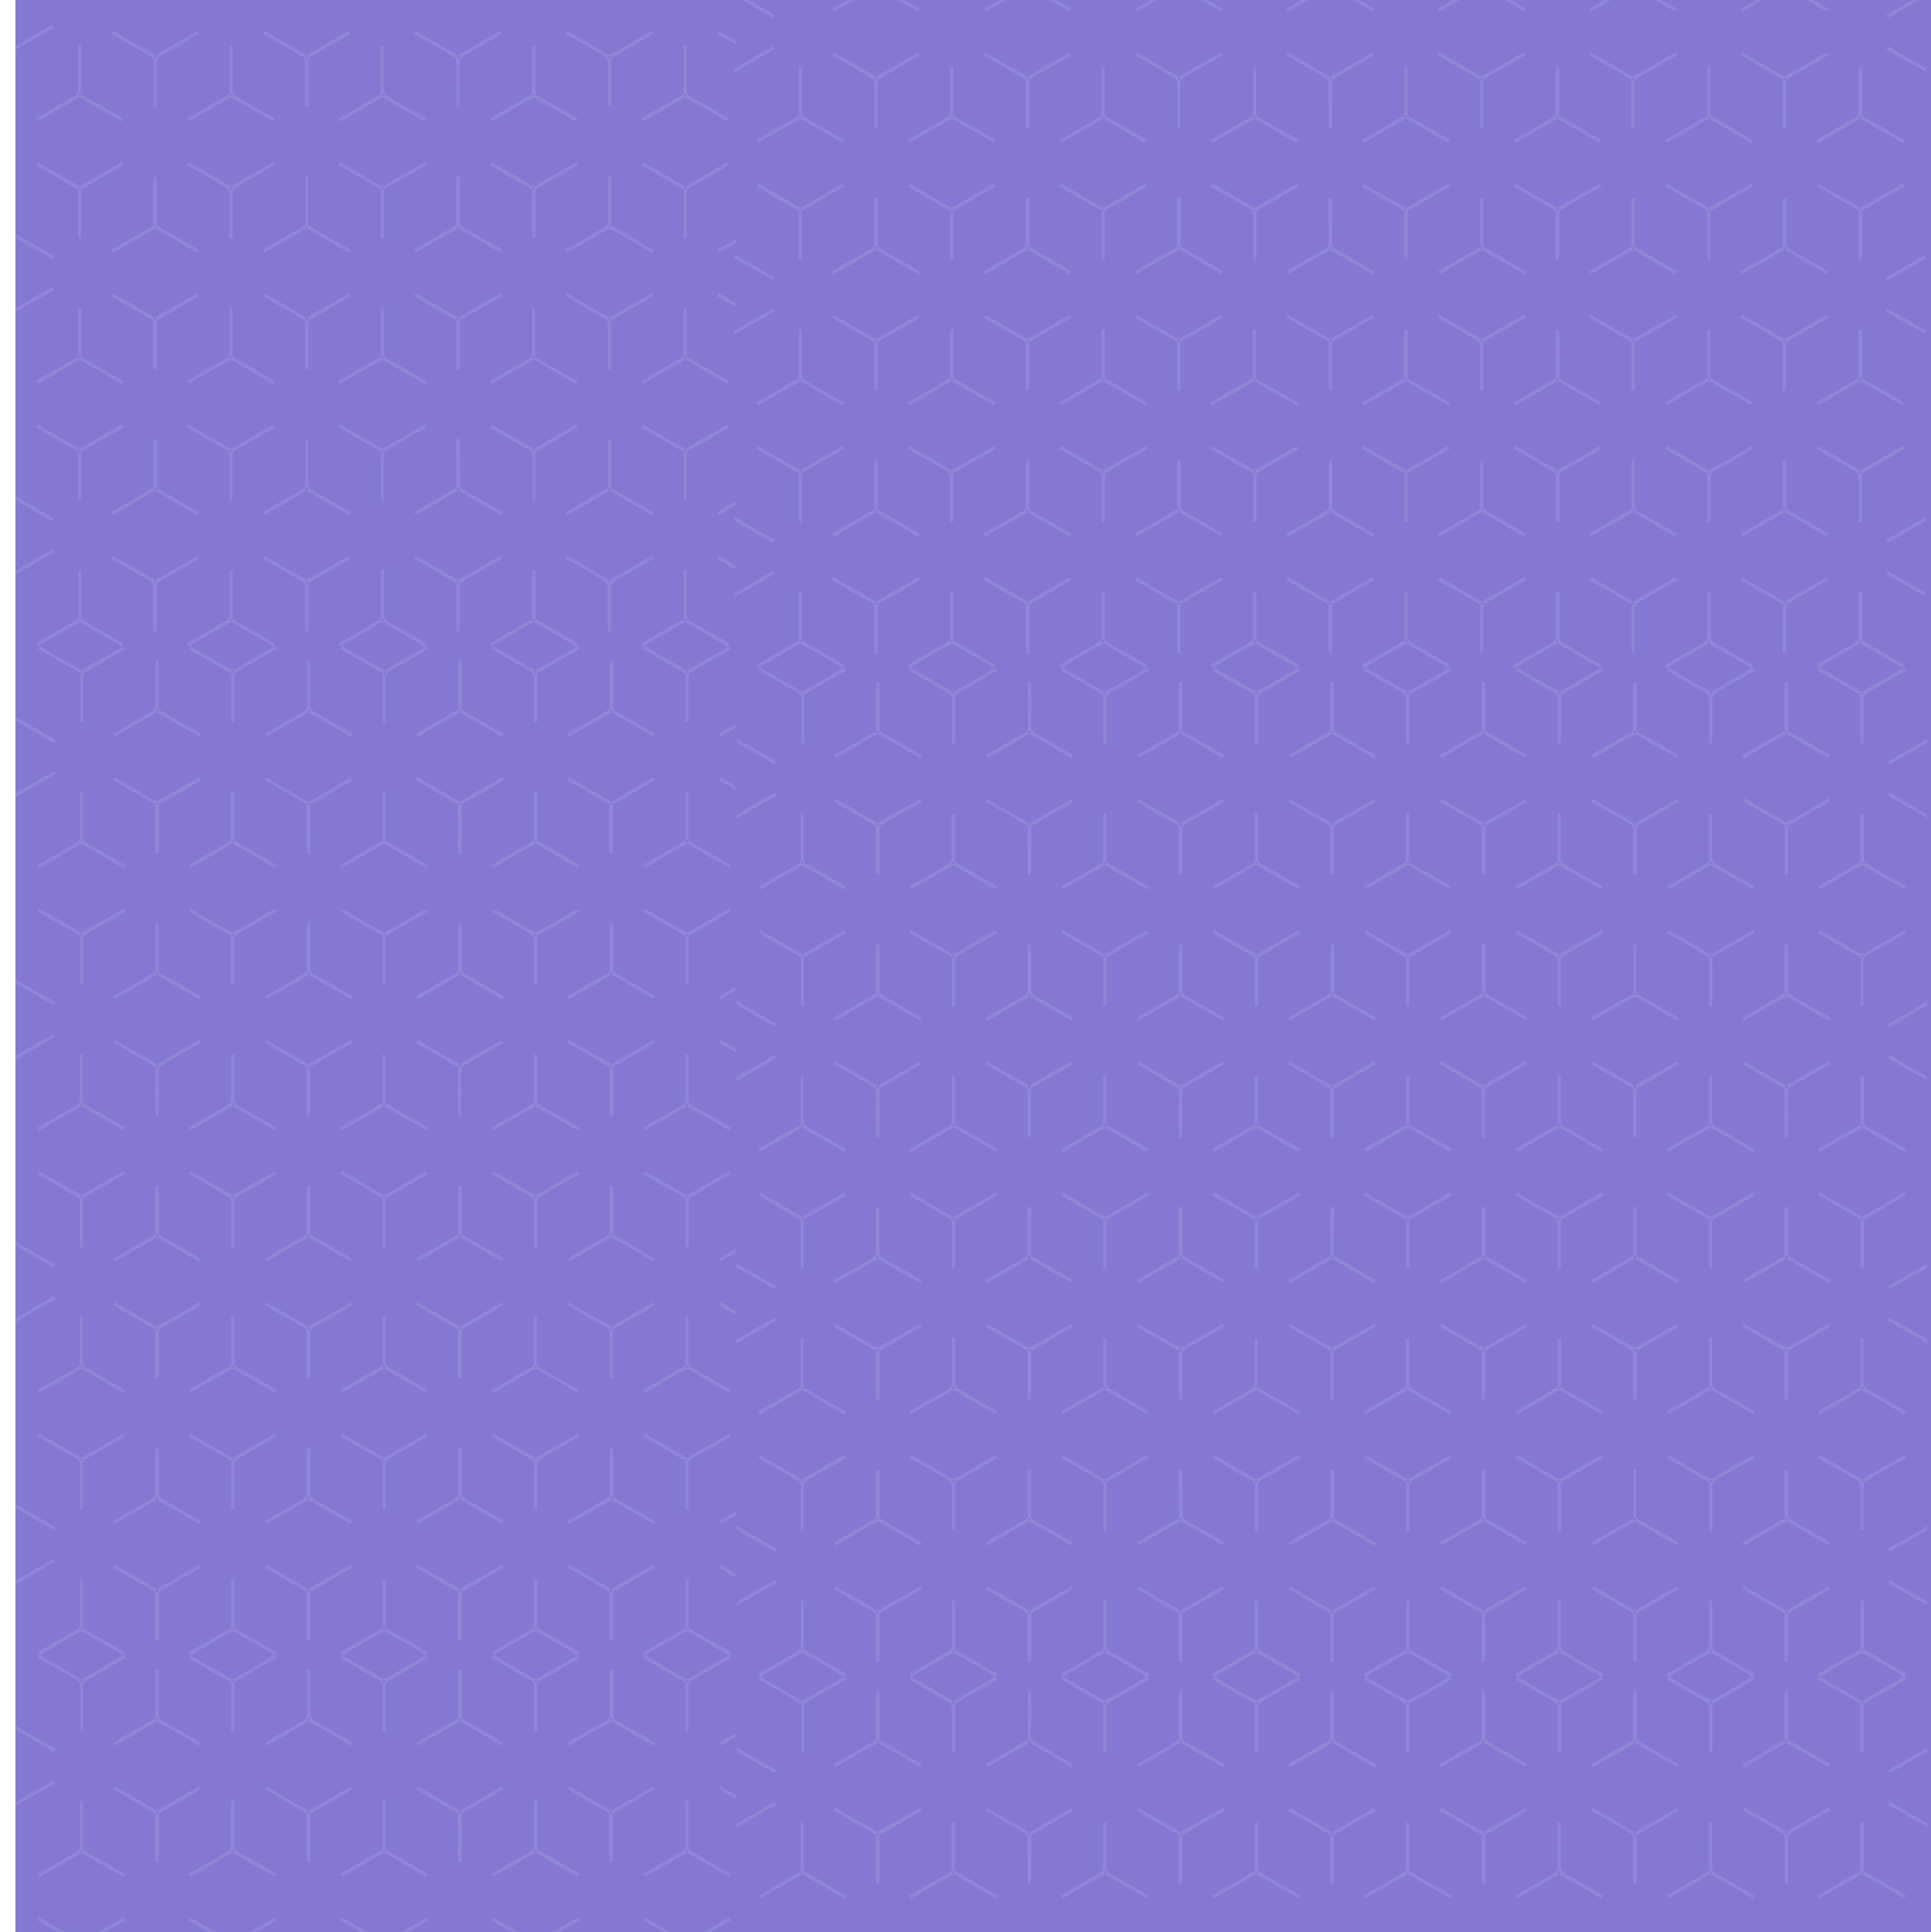

ABOUT ME

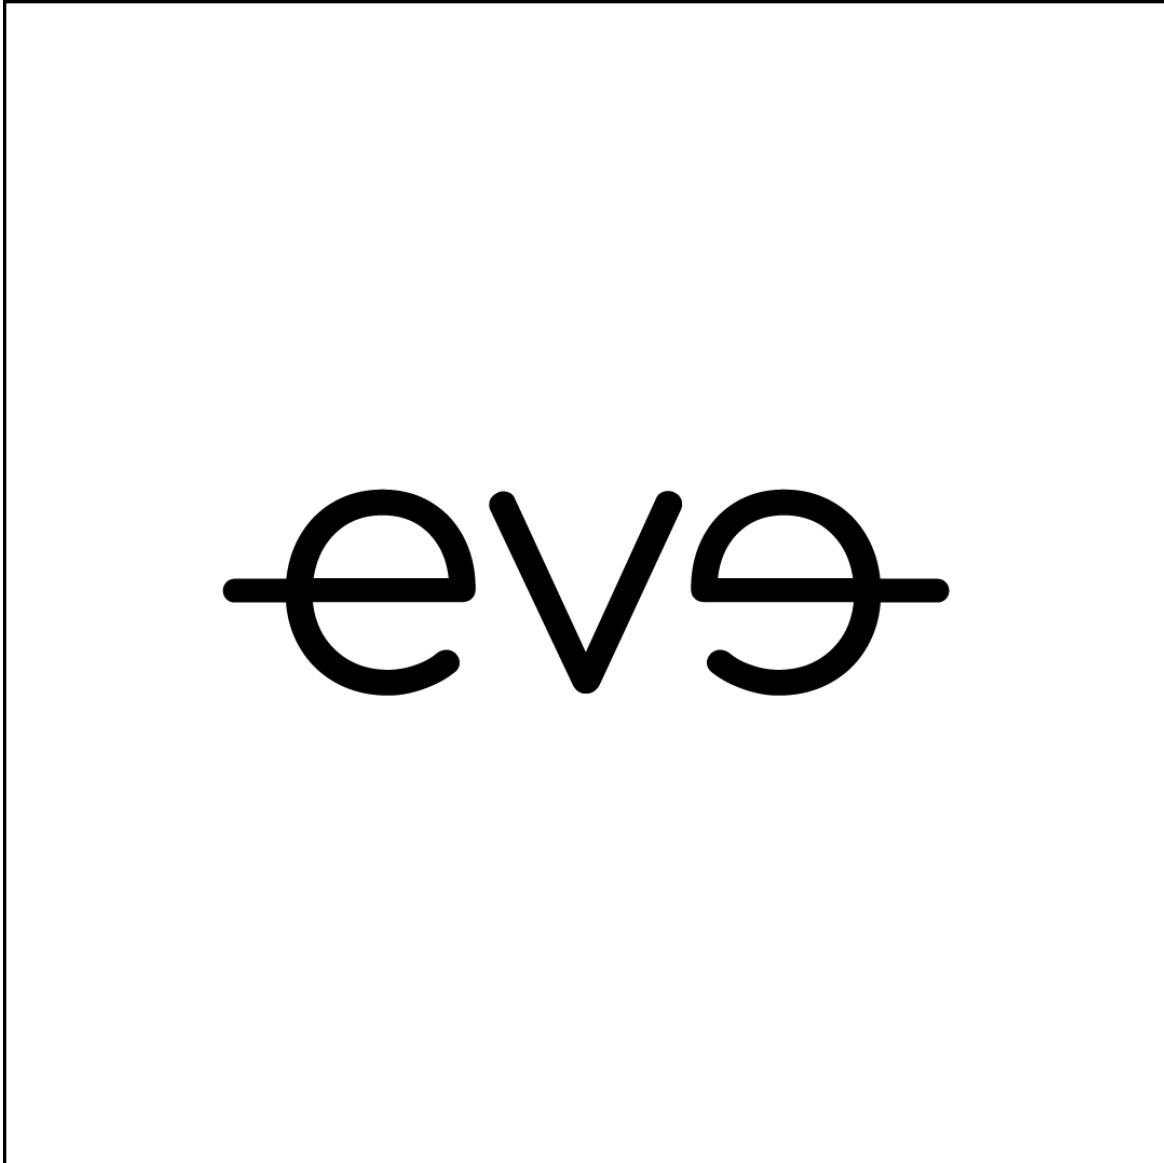

I'm obsessed with Stories and Memories. I believe I'm a storyteller at heart. For me, Designing is a way to express myself.

I define myself as an adaptable, ambitious, self-motivated, confident and down to earth individual – Combined with a limitless imagination and creative drive.

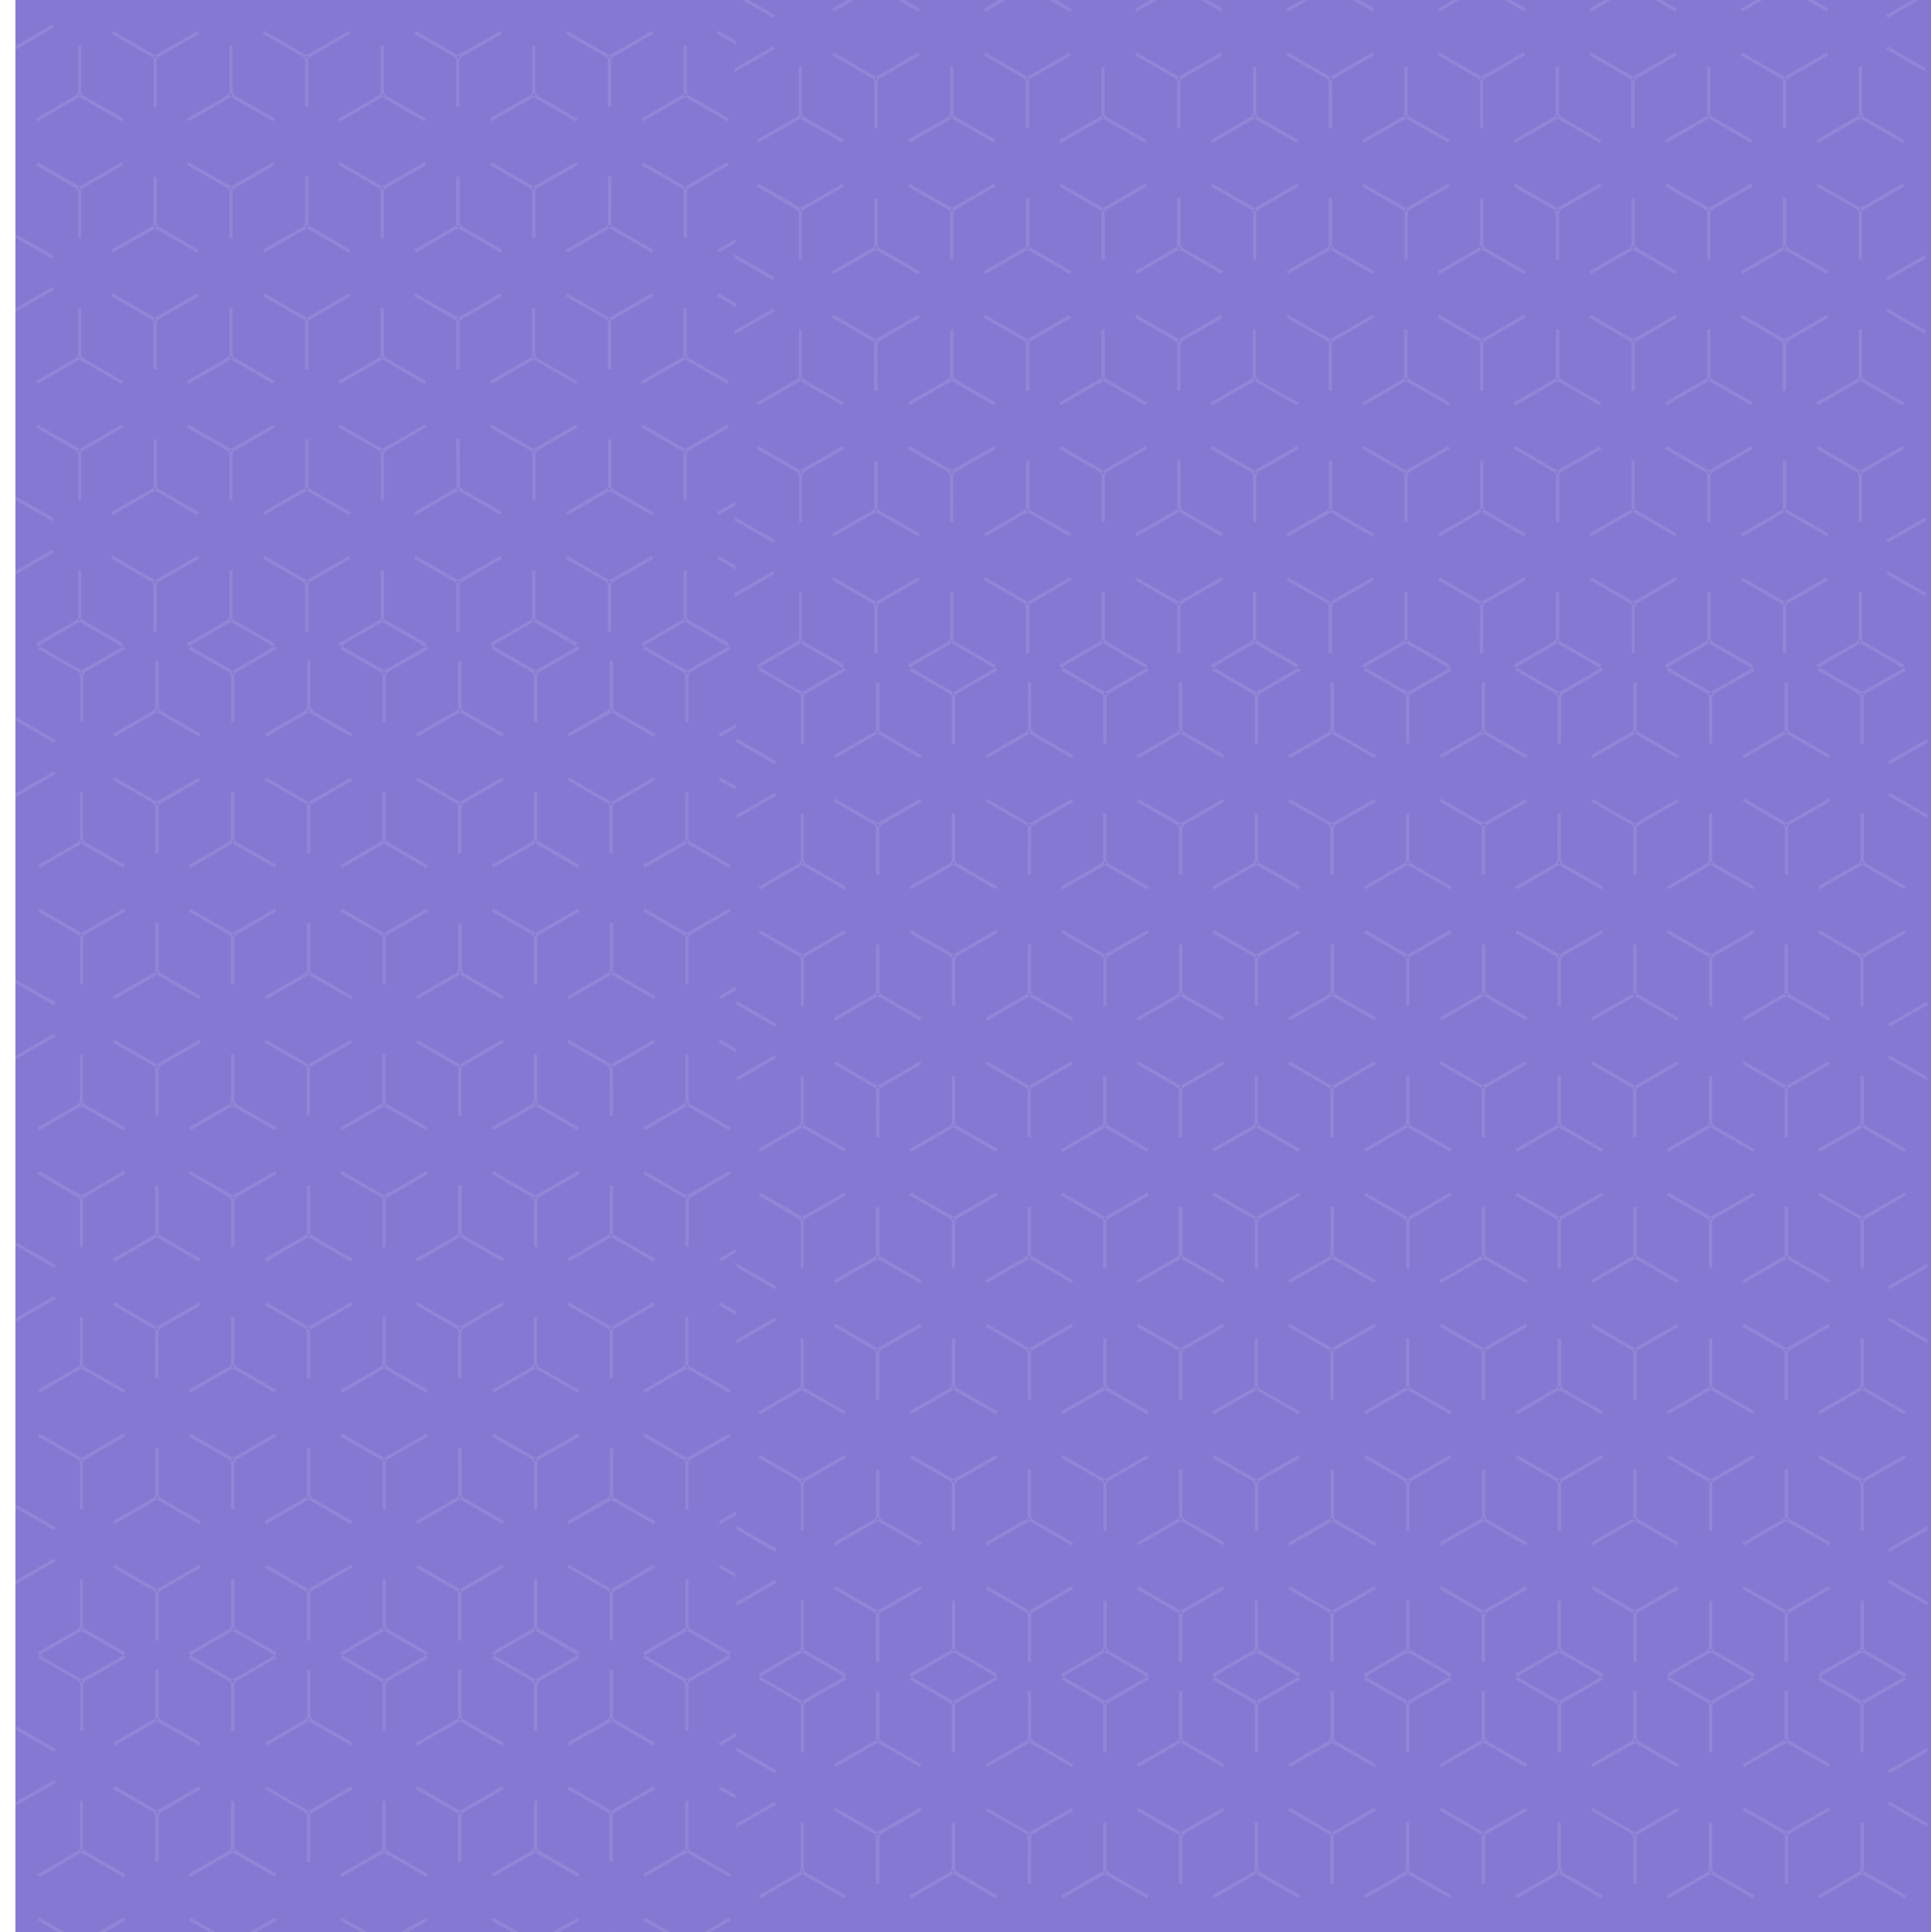

My passion for design is more than just sitting in front of a computer, making ugly things beautiful, design is to inspire and broaden minds with my works, and willing to go the extra mile to get things done.

Should you worry about your child playing a violent game?

The trick that makes your kids get along with each other

Do you have FAMILY MEETINGS?

Did you know?
42% OF TEENS TODAY CAN TYPE WITH THEIR EYES CLOSED.

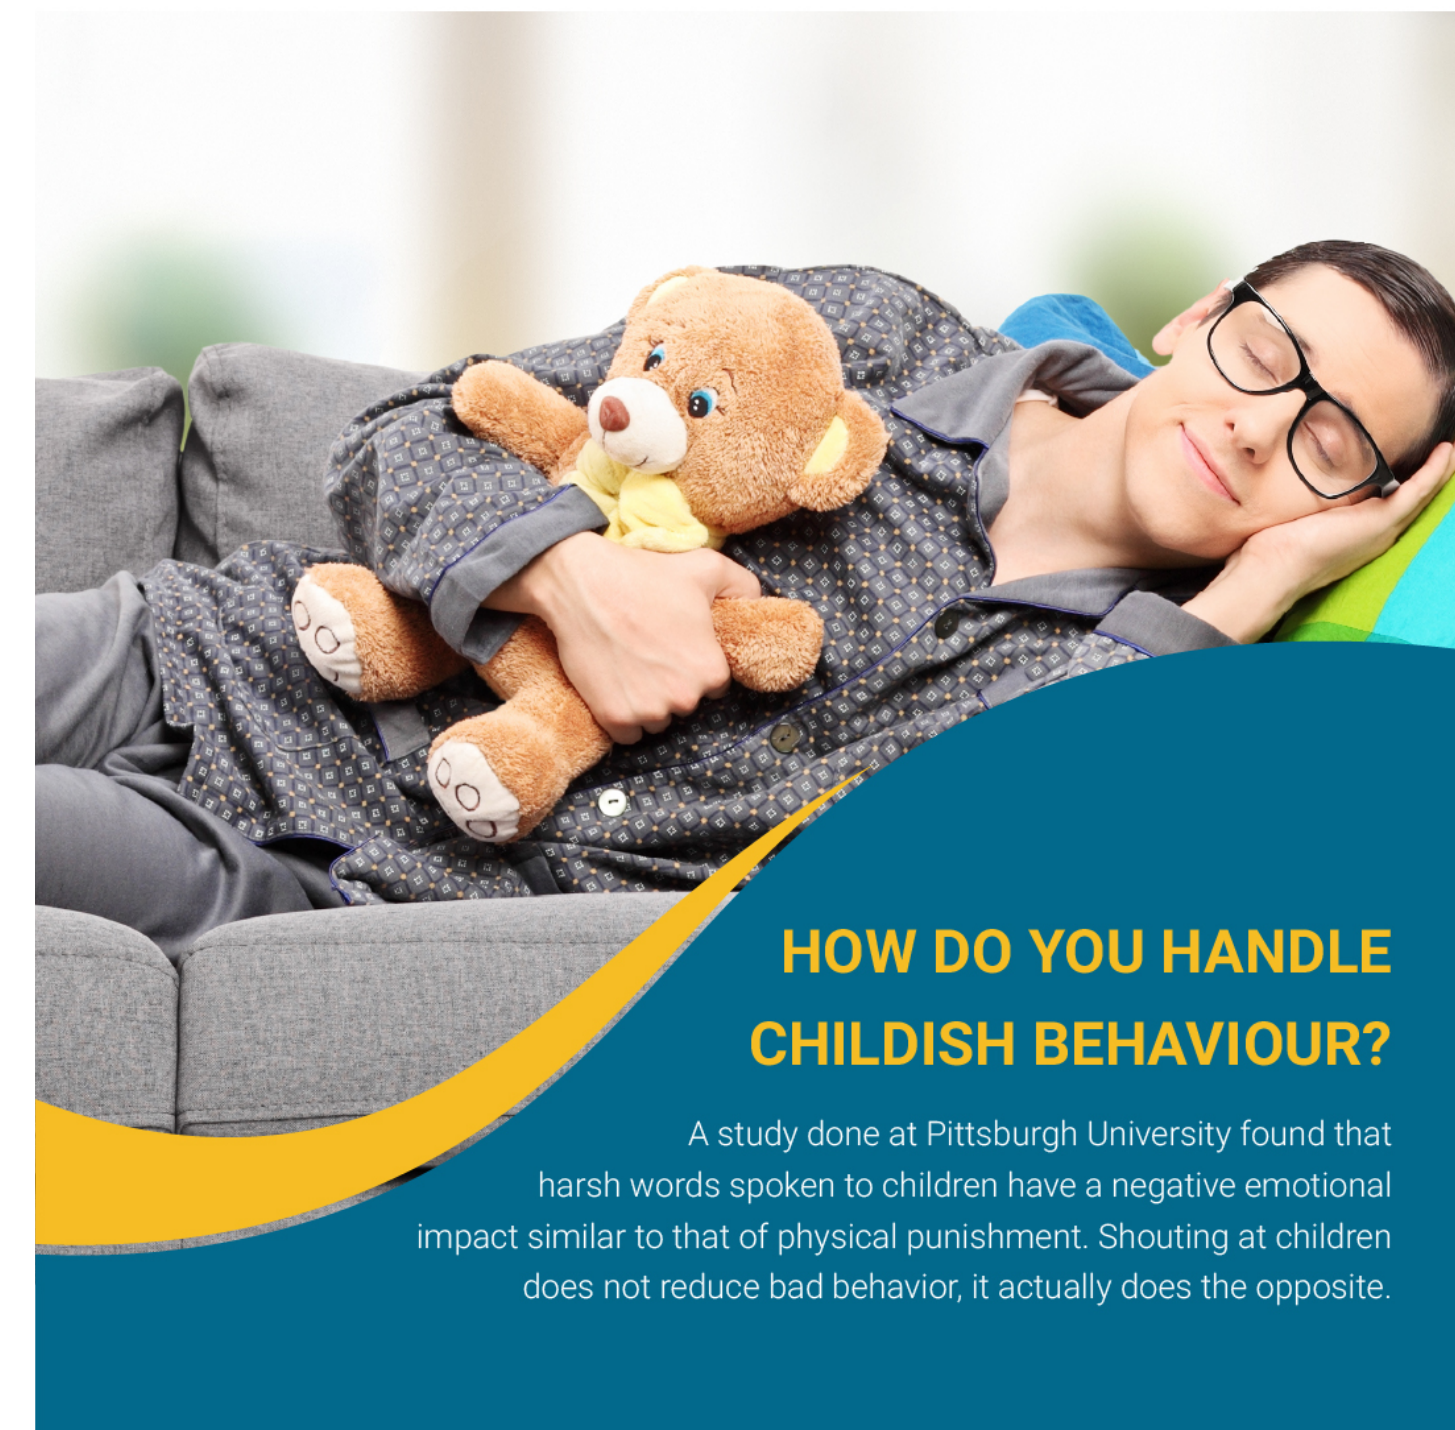

What is fun for your child and gives them confidence along with these benefits?

- Cooperation and Leadership Skills
- Socialization and Companionship
- Stress Relief
- Regular Sleep
- Bone and Muscle Strength
- Increased Cardiovascular Health

HOW DO YOU HANDLE CHILDISH BEHAVIOUR?

A study done at Pittsburgh University found that harsh words spoken to children have a negative emotional impact similar to that of physical punishment. Shouting at children does not reduce bad behavior, it actually does the opposite.

Importance of Art At Workplace

It makes them want to be in their workspace and be more productive.

Colours, as psychologists say, make a space lively and instrumental for individuals to bring out the most of their positive capacities.

The presence of interactive artworks at the workplace evokes a sense of intrigue, creativity, and engagement.

Creative spaces lead to creative work also, strengthening bonds between the employees.

–ABOUT RESTAURANT–

Hakkasan Mayfair renowned Chinese restaurant was designed by the famed Christian Liaigre. The intricate wooden lattice screens, carved out of dark English oak, was highly inviting. I truly enjoyed a unique dining experience with contemporary cuisine.

–MENU–

The menu has a strong Chinese ethnic identity with an ethos of Cantonese cooking. The magic is spelt by a talented chef de cuisine whose passion lies in creating uniquely rooted yet modern dishes.

– MY EXPERIENCE –

Eating at a Michelin does not need to be expensive! It has a chic and modish atmosphere, darkly lit with just the right level of music to be atmospheric and aspirational and yet not hinder conversational. **My Tip** -dress to impress!

– MY HIGHLIGHTS –

Nothing beats Stir-fry baby broccoli with preserved olive crispy seaweed, pine nut, and the dim-sum sampler is a perfect balance of flavours. Signature Dessert & Cocktail is purely out of heaven!

– MY HIGHLIGHTS –

–LOCATION–

Michelin-starred Cantonese cuisine in the west end Founded in 2001, London is the birthplace of the international Hakkasan brand. One located at London's famous West End, Hakkasan Mayfair is the second London location.

SAAS CAN BE A GAME-CHANGER IN FACILITY MANAGEMENT

01

Low costs and easy to install-saas platforms help facilities managers fulfil their job duties more efficiently while allowing monitoring on the cloud.

02

Automatic updates allow you to stay updated with the latest features- saas providers ensure you have the latest features at no extra cost.

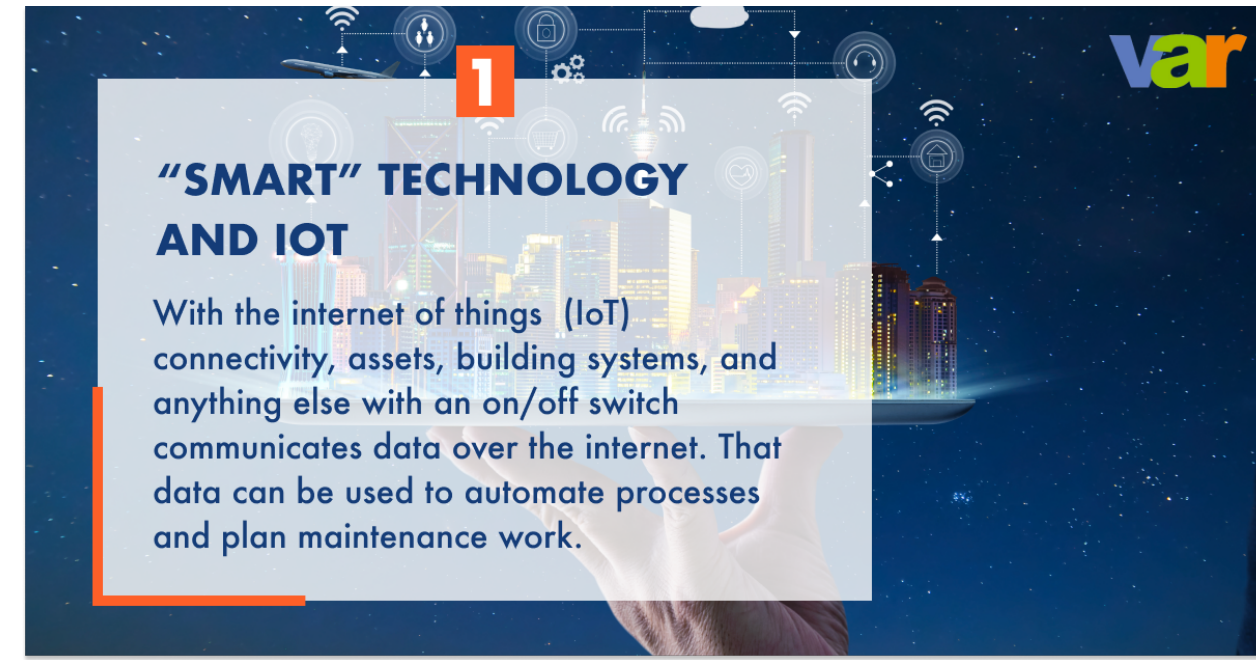

03

Mobile solutions for on-the-go for facility managers- saas programs offer flexibility as they are stored on cloud-based servers, allowing monitoring and decision-making from anywhere

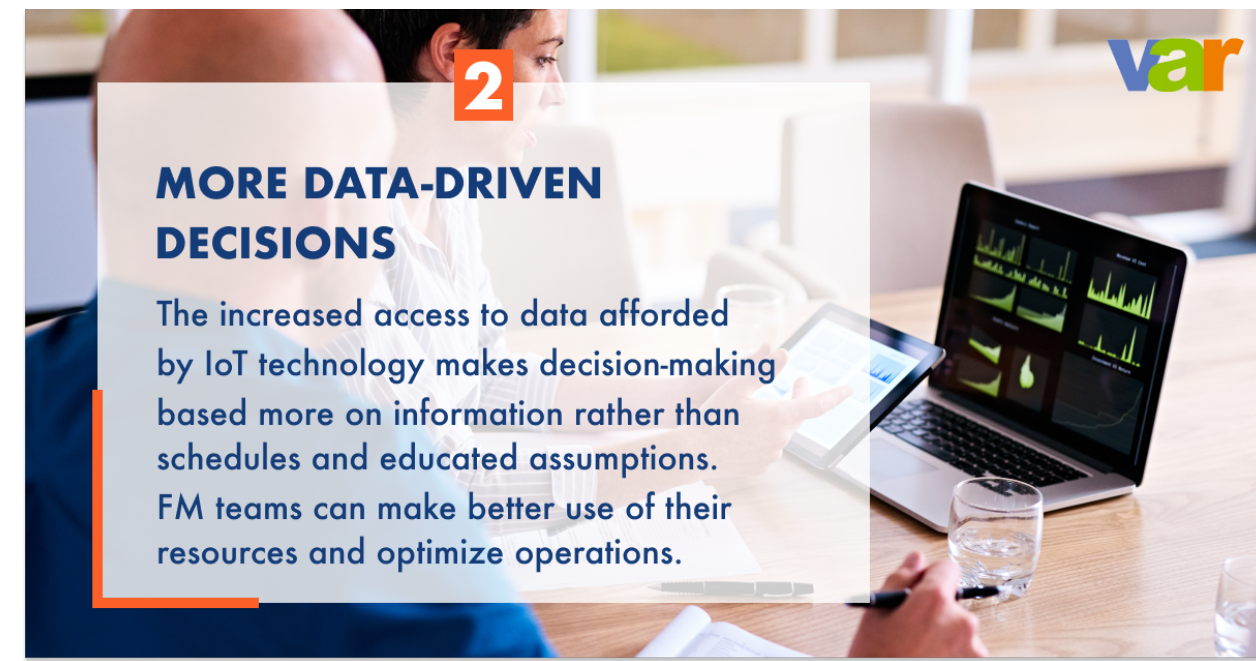

TRENDS IN Facility Management

1

“SMART” TECHNOLOGY AND IOT

With the internet of things (IoT) connectivity, assets, building systems, and anything else with an on/off switch communicates data over the internet. That data can be used to automate processes and plan maintenance work.

2

MORE DATA-DRIVEN DECISIONS

The increased access to data afforded by IoT technology makes decision-making based more on information rather than schedules and educated assumptions. FM teams can make better use of their resources and optimize operations.

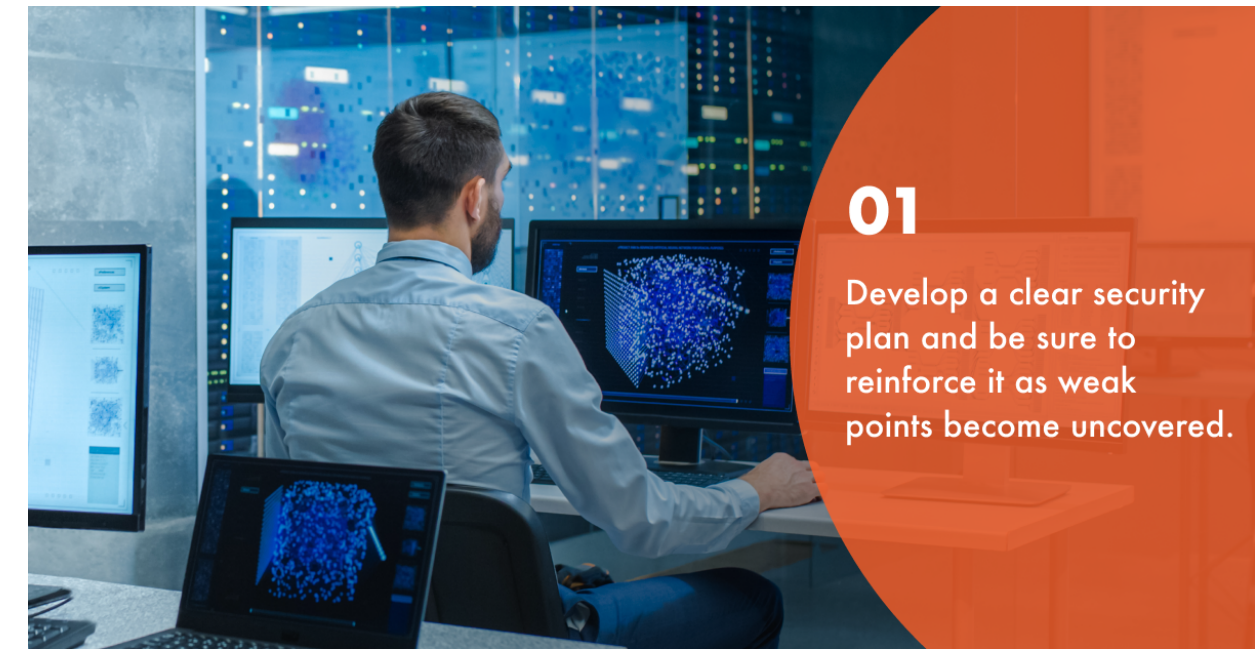

3

ARTIFICIAL INTELLIGENCE & AUTOMATION

Workplaces are seeing more and more robots and automated processes. More automation tends to improve efficiency and facilitate human labor rather than outright replacing it.

SECURITY BEST PRACTICES

01

Develop a clear security plan and be sure to reinforce it as weak points become uncovered.

02

Update all security cameras so that footage is as clear as possible and can be accessed remotely.

03

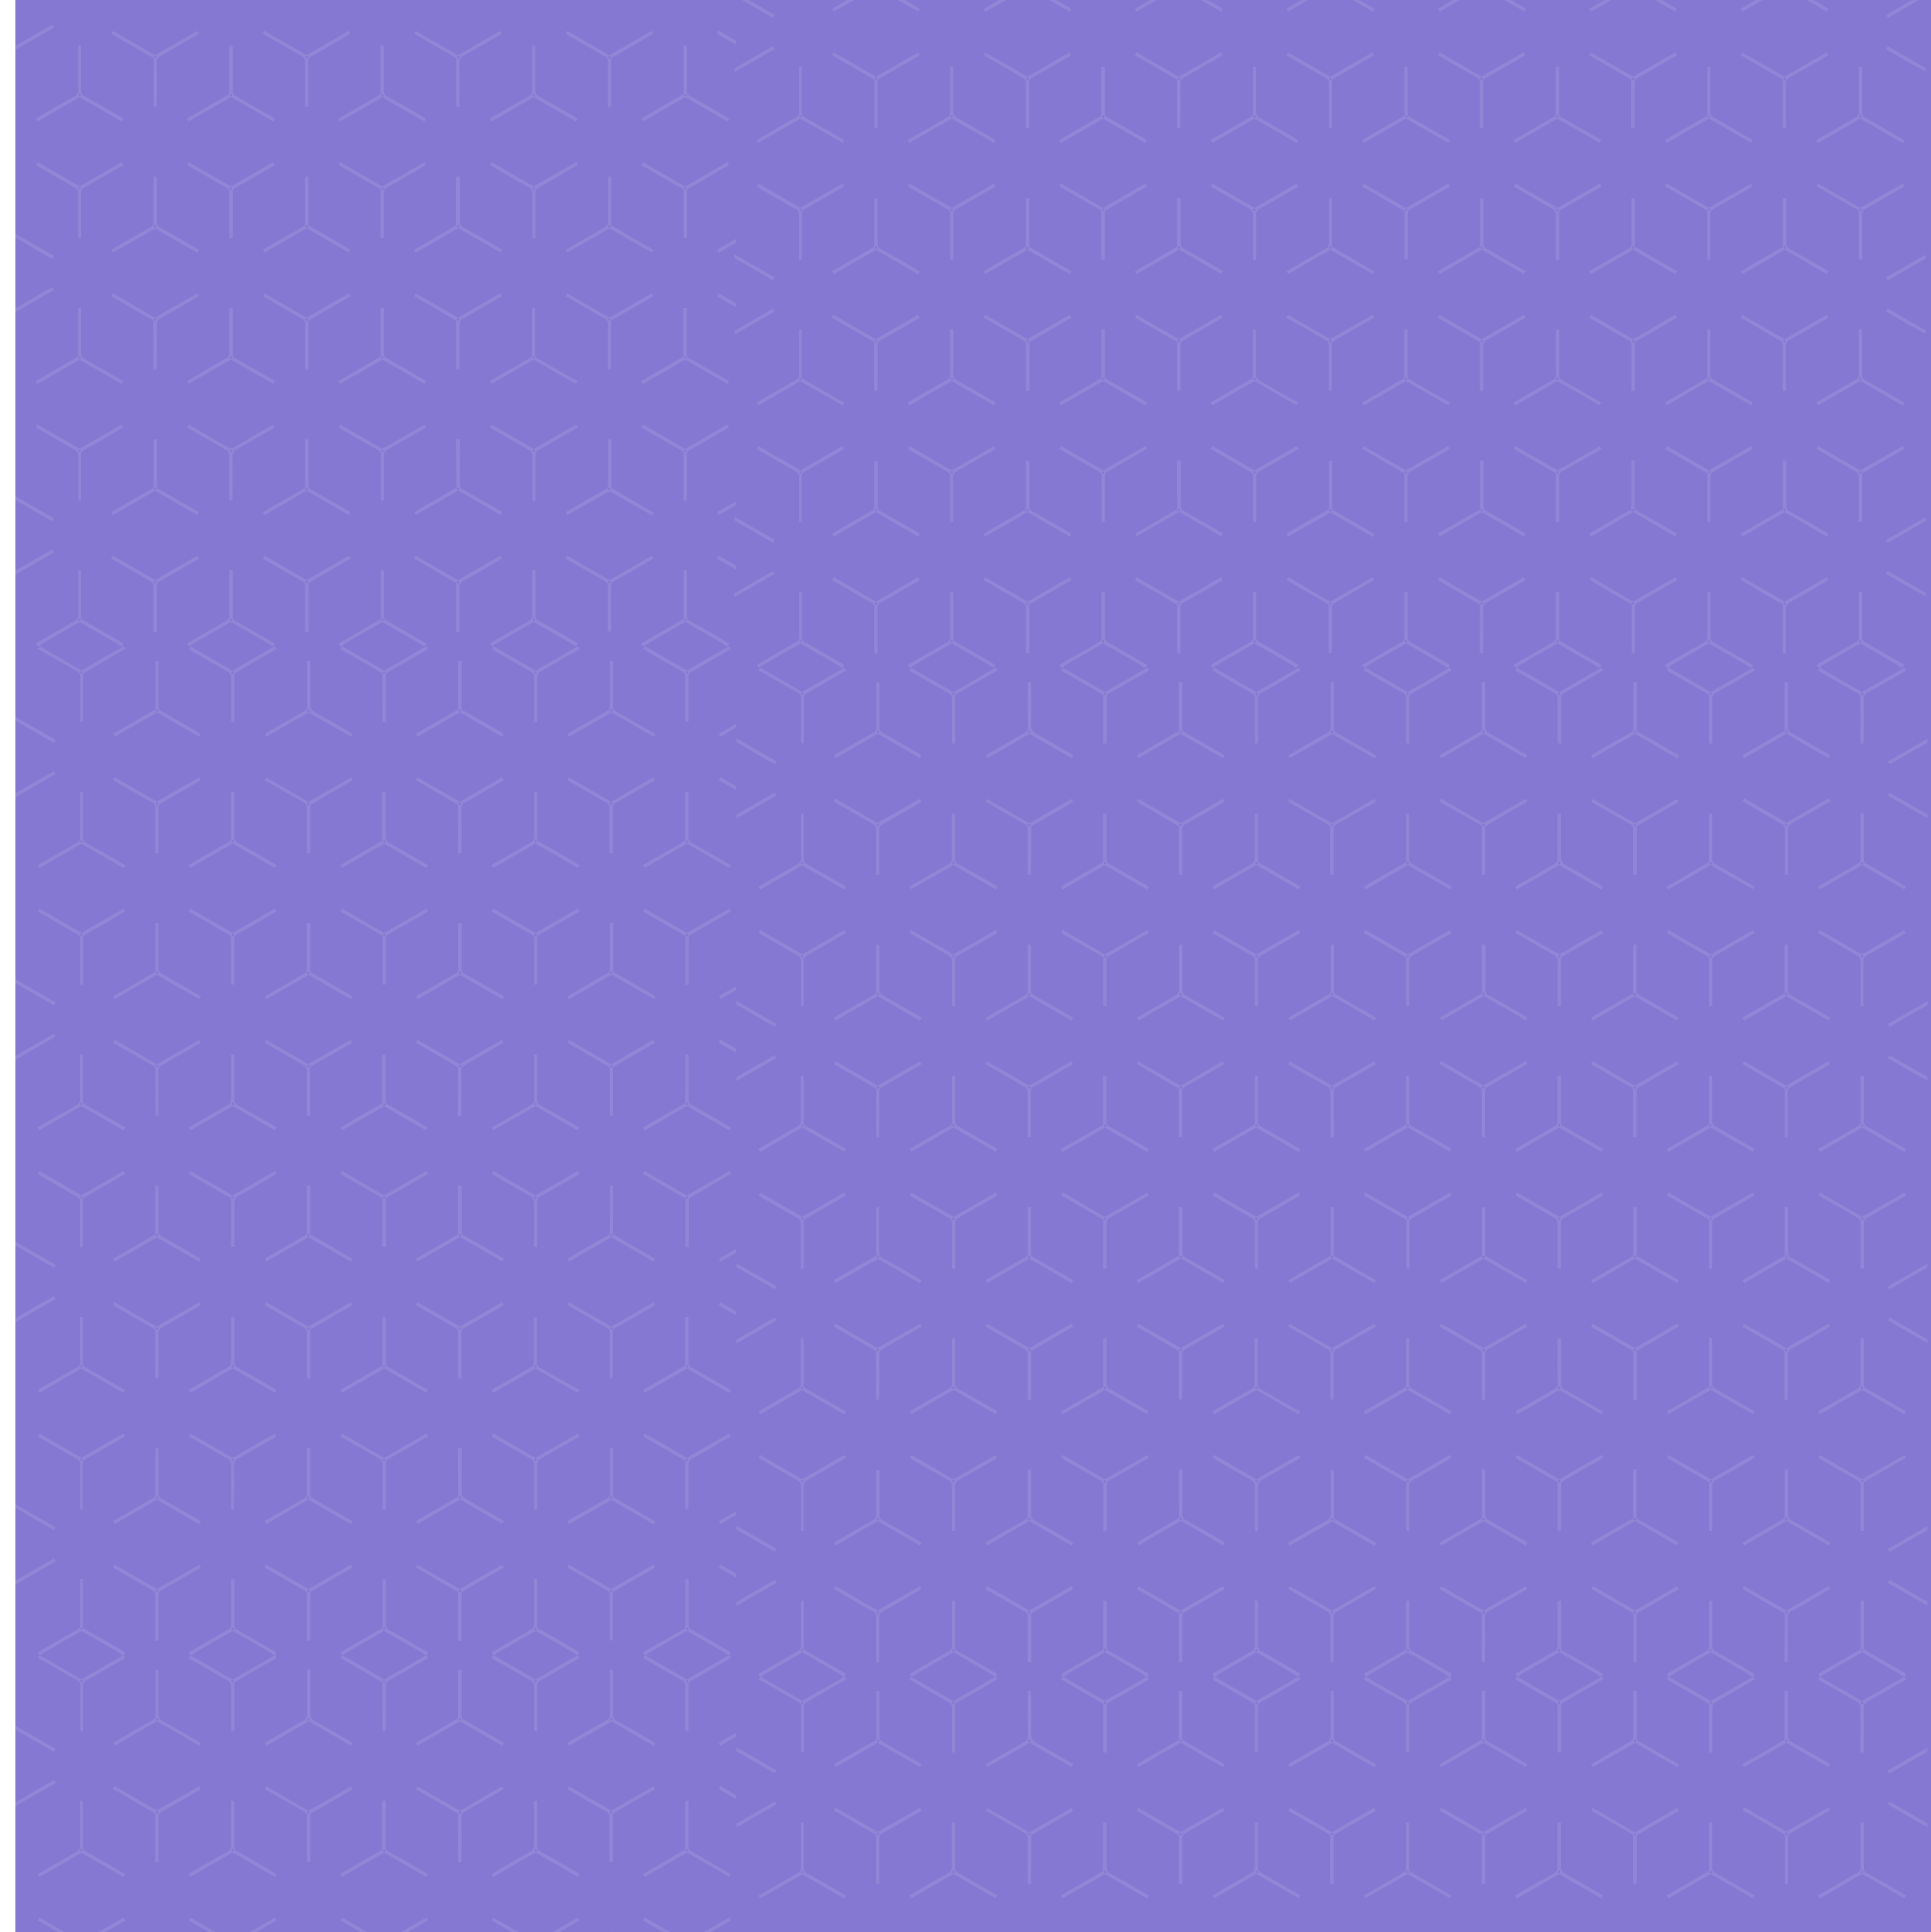

Work with your it department to fortify your digital security.

Parentof Presents

Anger Management Program

For 6 To 15 Year Old Children

About the program

Live and interactive sessions

3 Months long

Effective anger management for kids

How it works

- ★ We guide your child in finding the causes or triggers for their anger
- ★ They learn to identify these and address them as it happens
- ★ They also learn techniques to use that stops them from losing control

What you can expect

- ★ 70% reduction in your child's anger episodes
- ★ Your child will show a greater degree of control over their behaviour
- ★ Eliminates incidents where your child loses control in public

What other parents had to say

“ I love this program, it achieves what it promises. it also helped me handle the issue myself. i look forward to more such programs ”

Mansi Joshi

Team Lead At MNC

“ This program very quickly became a part of our lives. it has improved the way my daughter behaves both inside and outside the family ”

Neha Sharma
